Mr. Butler's Classic Quotations: Wisdom from the Wild for Lobbyists

Mr. Butler's applies lessons and insights from Nature to 165 concepts and terms used in the Kentucky General Assembly. It covers virtually every major element of government and politics in the legislative process — from accepting the nature of politics to understanding the behavior of voters.

Each entry relates directly or indirectly to a PLANT or an ANIMAL, bringing the reflections and wisdom found in Nature to the legislative process.

More than a source of wisdom, this book will enhance your reverence for, and relationship with, Nature. And it will increase your understanding of the state Legislature.

Nearly 700 philosophers, politicians, writers and poets shed light on the legislative process.

Selected and edited by **Lowell Reese**
